

Coronavirus Update

A message from Kevin Pfeifer, Techline Twin Cities, President

Dear Valued Customer,

At Techline Twin Cities, the health and safety of our customers and employees is our highest priority. We recognize the importance of home and the comfort it provides us all as we weather these uncertain times together.

We remain here to help-online, by phone, by video conference, or in person-to support you with designing fitted furniture solutions so that you have more time to focus on what matters most. Our team is diligently monitoring federal, state and local updates in order to comply with the latest protocols necessary to protect the wellbeing of our community.

Virtual Design Consultations:

As an alternative to our in-home design services, we are offering virtual appointments and consultations to collaborate one-on-one with customers using audio and visual technology. We are happy to reschedule an in-home meeting with a free, virtual design consultation.

Installation Services:

In Minnesota our operations fall within essential infrastructure services. Therefore, in accordance with the current orders and proclamations, distancing and safety guidelines, we can continue to manufacture and install your Techline Twin Cities furniture and cabinetry.

Following current precautionary procedures, we have implemented health and safety measures to our existing delivery and installation services. In addition to always protecting your walls and floors, our installers are following preventative actions, which include washing hands/using hand sanitizer and cleaning all surfaces with disinfecting wipes after the installation is complete.

Showroom:

In compliance with current Minnesota "stay at home" order, we have temporarily closed our showroom. We are offering individual showroom appointments by Appointment Only. We provide hand washing, hand sanitizer and we are disinfecting all collaborative work areas, and system displays prior to opening and after each consultation.

Thank you for your continued confidence and trust in Techline Twin Cities. Your safety is extremely important to us and you can count on us to deliver the best and most accommodating service possible.

Help Us Support the Community We Love!

We have been a proud Minnesota company since 1986. We want to thank our community for all the support you have given us over these 34 years. We are fortunate to have the resources to weather this unprecedented hardship but there are many small businesses that are not able to withstand the closure of their operations. Our friends in the restaurant business have been hit hard and we would like to help. For every project order of \$1000 or more, Techline Twin Cities will grant you a \$100 gift certificate to your favorite local restaurant. Now is the time to band together to support our amazing community of restauranteurs.

Thank you for your support!

Kevin Pfeifer and Scott Landseidel

Owners, Techline Twin Cities
